Make a positive difference to our clients

- Innovate, create and develop ideas

We make KeepMe the best place to work

- Invest in the team – develop, train, appreciate and reward the team

helping to fight mask induced acne, aka
MASKNE

WASH YOUR HANDS & FACE FIRST before handling/putting on your facemask.

MOISTURISE HANDS & FACE (Take care to avoid fragranced version amongst other common contact allergens) allowing your skin to be hydrated, reduces friction and creates a barrier between your skin and mask for extra protection.

AVOID WEARING HEAVY MAKE-UP to reduce the risk of clogged pores and breakouts

WASH YOUR MASK after each use (If the mask is reusable and washable) as the surface will build up dirt and oil and bacterial.

note from the kml team

Our KML China team are celebrating **Golden Week** and return back to work on the **12th October**

Our e-meeting slots are **officially open** with our updated conference call tech!
